

M1 LED MONITOR

The M1 LED MONITOR is a monitoring accessory, as the name implies. Designed with technology to ensure safety and make your car audio complete, the M1 LED indicate the amplifier's operational status through its LED: on, clip and protection.

Important informations

- Comes with a 5 meter cable with RJ11 Plug;
- Not compatible with products from other manufacturers;
- Compatible only with Taramps products that have the indication "MONITOR or MONITOR LEVEL REMOTE" on the side of the amplifier;
- Not all amplifiers come with this item from the factory. If your amplifier does not have the M1 LED MONITOR, it can be purchased at the best automotive accessories sales stores.
