

# MONITOR LEVEL REMOTE

The **Monitor Level Remote** is an accessory developed exclusively for Taramps products compatible with this technology. Its main purpose is to provide practical, real-time control of the amplifier's volume, and can be easily attached to the vehicle's dashboard to keep it within reach. In addition, It monitors and indicates the operating conditions of the amplifier through the integrated LEDs: On, Clip and Protection.

## Important informations

- Comes with a 5 meter cable with RJ12 Plug;
- Not compatible with products from other manufacturers;
- Compatible only with Taramps products that have the indication "MONITOR LEVEL REMOTE" on the main sticker and/or side of the amplifier;
- Not compatible with Taramps products with "Monitor" indication on the front side – If used with these products, only the Monitor will work (ON, CLIP and PROT), making the Level function unusable.

Compatible Taramps products: Smart 8, Smart 8 Bass, T12.000 Chipeo, The Big Boss 3 Bass, The Big Boss 5 Bass, The Big Boss 8 Bass e HD 3000. (manufactured from the year 2023). Products may undergo changes depending on revisions or releases.
